PRAM Organizes the Biggest Event of the Year for Business Partners of AVAYA

Avaya Inc., a leading global provider of business communications applications, software and services, every year organizes for its business partners a special Christmas event. PRAM arranged this grand and magnificent event for Avaya in one the most famous theatres in Prague in cooperation with well-known catering company *Golem*. There were more than 320 participants in *Theatre Without Railings* and all of them really enjoyed the fun in the theater performance and brilliant buffet dinner.

The play named “Three men at the wrong address” is very delicious comedy by L. Lunari where almost nothing is going normal, but everything can be explained somehow. Actors are three very popular performers, not only in the theatre, but are also television stars.
