

HBI / GERMANY**The New HBI PR-Blog - News from Worldcom and HBI**

More news and facts from HBI: The new **HBI PR-Blog** is one of our highlights and meets the requirements of PR 2.0. Designed as short small talk during breakfast, this PR-blog handles important PR-themes, best practices, trends from PR, social media, marketing, technology and news from HBI and Worldcom with humour and ease.

The page design mirrors our corporate colours red and grey which stand for both passion and elegance – just like we consult our customers.

HBI Clients Nuance and Ruckus at the Mobile World Congress 2011 in Barcelona

The 2011 Mobile World Congress will be held from February 14 – 17 in Barcelona, Spain. HBI's clients **Nuance Communications** and **Ruckus Wireless** will meet various journalists of magazines with the highest reputation.

Nuance Communications, a leading provider of speech and imaging solutions for businesses and consumer. **Ruckus Wireless**, provider of intelligent solutions for mobile networks, will present their pioneering "Smart Wi-Fi" technology. **Ruckus Wireless** designs, develops and markets industrial-strength Wi-Fi systems for enterprises and service providers that offer reliable distribution of delay-sensitive multimedia content and services over standard 802.11 technology. The company's patented hardware and software technologies deliver predictable performance, extended range and real-time adaptability to changing Wi-Fi environments.
